

## Palladian Shelf Product Guide

---

### Description

This beautifully crafted wood shelf provides the perfect solution for installing window coverings—such as roller shades, cellular shades, Roman shades, and many other treatments—on windows that lack a conventional mounting surface, including arched and specialty-shaped windows.

Our Palladian shelf is expertly made from premium American basswood for dimensional stability and durability and offered in an extensive selection of paint and stain finishes, allowing it to seamlessly coordinate with your trim, casing, or favorite window treatment for a truly custom look.

### Features

- It can be made up to 84” in length and 3” or 4” in depth.

- Concealed brackets for hassle-free installation

- 10 colors plus “unfinished”

- Factory will make a 1/16” deduction in the ordered length
